ABOUT THE COLLEGE

Godavari Institute of Engineering & Technology (GIET) was established in 1998 to offer engineering education of world-class standards. Over the years, the college has come a long way to gain a place of repute and a preferred destination for quality engineering education. Located in the serene and sylvan suburbs of Chaitanya Nagar, Rajahmundry on NH-16, the sprawling 300-acre campus of GIET campus reflects the finest educational facilities around. The stately 5-storeyed structure set amid idyllic setting ensures a most congenial atmosphere for scholastic pursuit in right earnest. An ISO-certified, NBA-accredited and NAAC-A Grade accredited institution; GIET has many distinctions to its credit.

The Institute is offering 7 UG programmes in engineering , 8 PG programmes in M.Tech, MBA, MCA , with total intake of 1146.

ABOUT THE DEPARTMENT

Department of Computer Applications was established in 2002 with the vision of imparting top-notch education in the field of computer applications useful for bridging the gap between academic and industry. The Department deploys a well planned curriculum accompanied with topics covered beyond syllabus to gratify the needs of changing technology. The department was established with an intake of 60 students and presently has a strength of 120. Major strength of the department lies in good faculty and well equipped laboratories. It has a student association named MACRAME which encourages students to take part in various extra-curricular events. "ABHIVYAKTI" an annual newsletter is released by the department.

ABOUT THE CONFERENCE

Computing forms an integral part of daily life. Researchers in many fields are continuously trying to improve the existing techniques and find new, simplified and efficient techniques. In our endeavor to provide a forum to explore the on going research in various domains of computer applications, we take great pride in organizing National Conference on Emerging Trends in Computing as a common platform for academicians, researchers, industry personnel, practitioners, faculty and post graduate students to share their ideas and device ways for further improvement under one roof. This is a series of Conferences touching upon new technologies every year.

CALL FOR PAPERS

The authors are encouraged to submit original papers, exploring adroitness and computing technologies, making impact on the following emerging domains in both computer science, engineering and electronics. The areas of interest include but not limited to

- Cloud Computing
- Virtualization
- IOT
- Data Science
- Image Processing & Pattern Recognition
- Computer Networks
- Software Engineering
- Embedded Systems
- Signal Processing
- VLSI Design
- Multimedia Computing
- Soft Computing
- Mobile Computing
- Wireless Communications
- Data Mining
- Big Data Analytics
- Smart Grid Technologies
- Android Applications

2nd National Conference on Emerging Trends in Computing (NCETC-2K18)

02 - 03 Feb 2018

GLOBAL STANDARDS
